SUMMARY:

A dedicated Frontend Developer specializing in React.js with a solid academic background in Computer Science (GPA 3.3/5). Proven experience in building full-scale web applications, including e-commerce platforms and admin dashboards. Proficient in API integration, secure authentication, and creating highly responsive designs. Strong problem-solver with a deep understanding of Algorithms and Data Structures.

TECHNICAL SKILLS:

Frontend: React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3.

Styling: Tailwind CSS, Bootstrap, Responsive Design (Mobile-First).

Core Logic: Authentication & Authorization, State Management, API Integration.

Programming: C++, Python, JavaScript.

Tools: VS Code, Git/GitHub, Postman, Vite.

CS Fundamentals: Data Structures, Algorithms, Problem Solving.

PROJECTS:

Full E-commerce Platform & Admin Dashboard

Developed a complete E-commerce system using React.js featuring a dynamic store and a management dashboard.

Implemented Auth & Authorization for secure user login and administrative access control.

Integrated RESTful APIs to manage products, categories, and user data dynamically.

Built a fully Responsive UI using Tailwind CSS, ensuring a seamless experience on all devices.

Optimized application performance through efficient state handling and clean component architecture.

Designed and deployed a responsive portfolio to showcase technical projects and skills.

Focused on high-quality UI/UX and smooth navigation to reflect professional identity.

GitHub : [GitHub ecommerce link](#).

EDUCATION:

B.Sc. in Statistics and Computer Science

Faculty of Science, Mansoura University

Current Level: 2nd Year Student (Class of 2027)

Cumulative GPA: 3.3 / 5.0

Relevant Coursework: Data Structures, Algorithms, Statistics, Logic Design.

STRENGTHS:

Problem Solver: Passionate about solving complex coding challenges and optimizing logic.

Fast Learner: Ability to master new React libraries and modern web tools rapidly.

Efficiency: Highly productive workflow with expert command of VS Code and fast typing, clean code.
